- (b) If Buyer terminates this PO for default in whole or in part, Buyer shall have the right to acquire under the terms and in the manner it considers appropriate, Items similar to those terminated; and, the Seller will be liable to Buyer for any excess costs for those Items. However, Seller shall continue the work not terminated.

acquired for the terminated portion of this PO. Upon direction of Buyer, Seller shall also protect and preserve property in its possession in which Buyer has an interest.

- (d) Buyer shall pay the PO price for completed Items delivered and accepted. Seller and Buyer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the "Disputes" clause of this PO. Buyer shall have the right to withhold from these amounts any sum Buyer determines to be necessary to protect Buyer against loss because of outstanding liens or claims of former lien holders.
- (e) After termination, if it is determined that Seller was not in default, or that the default was excusable, as set forth in the "Force Majeure" clause of this PO, the rights and obligations of Buyer and Seller shall be the same as if the termination had been issued for the convenience of Buyer.
- (f) The rights and remedies of Buyer in this "Termination for Default" clause are in addition to any other rights and remedies provided by law, in equity, or under this PO.

45. Termination for Buyer's Convenience

- (a) Buyer may terminate this PO, in whole or in part, at any time for its convenience by notice to Seller in writing. On receipt by Seller of such notice, Seller shall immediately comply with Buyer's instructions and, to the extent specified therein, stop work and the placement of subcontracts hereunder, terminate work under subcontracts outstanding hereunder, and take any action necessary to protect property in Seller's possession in which Buyer has or may acquire an interest. Within thirty (30) days of receipt by Seller of such notice, Seller shall advise Buyer of the actions taken by Seller to comply with Buyer's instructions and Seller shall also notify Buyer of Seller's intent to file a termination claim.

In the event Buyer terminates and Seller submits a termination claim, Buyer shall pay to Seller the following: (i) amounts due for completed Items delivered and accepted or performed in accordance herewith, and not theretofore paid for prior to the effective date of termination; (ii) actual work in process costs incurred by Seller if properly allocable and apportioned under generally accepted accounting principles and practices to the terminated portion of this PO, including liabilities to subcontractors which are so allocable, excluding any and all costs of supplies which either can be diverted to other purchase orders of Seller or retained by Seller for its own use or future purchase orders, and exclusive of any costs attributable to Seller's supplies paid or to be paid for under (i) above; (iii) reasonable settlement expenses; and (iv) a sum, as profit, determined by Buyer to be fair and reasonable, on the work performed prior to receipt of the termination notice; provided, however, if it appears that Seller

would have sustained a loss on the entire PO had it been completed, Buyer shall allow no profit under this subparagraph (iv) and shall reduce the total settlement to reflect the indicated rate of loss. In no event shall the total settlement (including settlement expenses) exceed the PO price.

- (b) Should there be an overpayment by Buyer to Seller as determined in accordance with subparagraph (a) above, as the result of a termination, Seller shall promptly reimburse Buyer for all sums overpaid. Seller's termination claim shall be submitted within 120 days after the effective date of the termination on forms provided by Buyer. Buyer shall not be required to make any determination on any late claim.
- (c) Seller agrees that its failure to submit a termination claim(s) within the 120 day period set forth in subparagraph (b) above shall constitute a waiver thereof unless Seller requests in writing prior to expiration of such time period that a time extension for filing its claim or claims be granted by Buyer. Any such extension, if approved, shall be effective only if authorized in writing by Buyer.
- (d) Buyer or Buyer's representative shall have the right to audit Seller's claim prior to payment.

Within such period, Buyer shall either terminate or continue the work by written order to Seller. In the event of a continuation, equitable adjustment shall be made to the price, delivery schedule, or other provision affected by the work stoppage, if applicable, provided that the claim for equitable adjustment is made within thirty (30) days after such continuation. Claim costs, if any, shall be calculated in a manner similar to that used to originally price the Items and shall be for the increase or decrease in the cost caused only by the stop work.

47. Force Majeure

Neither Party shall be liable, nor be deemed in default or failed in its performance of its obligations under this PO where such failure is due to causes beyond the control and without the fault or negligence of the Party concerned including but not limited to Acts of God, Acts of the Government, fires, floods, riots, labor difficulties, embargo, and civil commotion (Force Majeure). Partial failure of performance due to any of the aforementioned causes shall not in itself terminate this PO or excuse any failure by either Party to resume all obligations as promptly as possible. In the event either Party is affected in the performance of its obligations by any of the aforementioned

causes, it shall give the other Party prompt written notice of the fact, together with satisfactory evidence substantiating that said cause prevents performance, as well as a declaration specifying the steps being taken by the Party to remove the relevant cause(s) and shall continue the performance of its other obligations under this PO.

If Force Majeure remains in effect for a period longer than six (6) months, then Buyer may terminate all or part of this PO which is affected by the Force Majeure. Having done so, both Parties shall be relieved of any obligation for the canceled portion thereof.
